Introduction
About COP25
Events
  Transport Events Overview
  Transport Day 2019
  Marrakech Partnership Transport Action Event
Marrakech Partnership Flagship Materials
  Global Climate Action Yearbook 2019
  Transport Climate Action Pathway
SLoCaT Reporting at COP25
Getting Involved
Outlook to 2020
Q&A
The SLoCaT Partnership: Enabling Knowledge and Action

International multi-stakeholder partnership

Primary focus: Land transport

Geographic footprint: Developing countries in Africa, Asia and LAC

Knowledge products and data analysis

Policy analysis and advocacy

Multi-stakeholder dialogue and coalition building

www.slocat.net
Founded 10 years ago, today SLoCaT consists of over 90 members
An open and inclusive platform to strengthen the voice of public and private sector actors from the sustainable transport community in the UNFCCC process
Mandated Meetings

- **CMP15**: Conference of the Parties serving as the meeting of the Parties to the Kyoto Protocol
- **CMA2**: Conference of the Parties serving as the meeting of the Parties to the Paris Agreement
- **SBSTA 51**: Subsidiary Body for Scientific & Technological Advice
- **SBI 51**: Subsidiary Body for Implementation
- **MPGCA**: Marrakech Partnership for Global Climate Action
UN Climate Change Conference 2019
Chile COP25
2-13 December 2019 | Madrid, Spain

Stakeholders Involved
- NGOs
- Private sector and Industry
- Practitioners
- Academia and Students
- Journalists
- UN System and Other Multilaterals

Non-mandated Activities
- Pavilions + Side Events
- Action Hub
- Announcements / Launch of new initiatives
- Project Meetings
- Off-site Events
- Bilateral meetings/networking
- Press Conferences
- Exhibitions
UNFCCC COP25

Presidency Topics

- Adaptation
- Antarctica
- Biodiversity
- Circular Economy
- Cities
- Ecosystems and Forests
- **Electric Mobility**
- Oceans
- Renewable Energies

Cross-cutting Themes

- Ambition
- Climate Urgency
- Climate Finance
- Gender
- Non-Party Actors
- Pre-2020
- 2050 Pathways
Partly agreed at COP24 Katowice, Poland
To be completed at COP25 Madrid
Detailing how the Paris Agreement will operate in practice

Outstanding issues regarding Article 6 on Carbon Markets:
- Highly political
- Economically important
- Technically complex

*Side events selected by the UNFCCC Secretariat

Exhibition booth - hosted by ITDP, SLoCaT, UIC, UITP  
2 to 7 December 2019
Transport Day 2019

6 December 2019 | All-day | Venue TBC

Critical step for non-state actors on the way to the 2020 milestone for the Paris Agreement and next set of NDCs

**Vision and Ambition**
Assesses countries’ ambition for transport decarbonisation

**Implementation**
Seeks to better understand the barriers to full-scale implementation

**Way forward**
What needs to be achieved before COP26 - first major milestone in the Paris Agreement implementation
Transport Day 2019 Programme

**Segment I**

**Vision and Ambition:** Increasing transport ambition to bridge the mitigation gap

Intro Plenary and World Cafe

- Priorities and targets
- Net-zero emission mobility
- Transport adaptation

**Citizen perspective on transport:**
Working with a local NGO collecting questions/messages for transport ministers

**Segment II**

**Implementation:** Overcoming barriers for implementing and scaling up low carbon, sustainable, resilient transport

Intro Plenary and World Cafe

- Policy Framework
- Finance
- Technology

**LUNCH**

**Segment III**

**Way forward:** What the sector needs to achieve before COP 26

Intro Plenary and World Cafe

- Actionable solutions
- Transport-Finance-Energy Nexus
- NDCs-SDGs Synergies
More Ambitious Climate Actions for Low Carbon, Resilient and Inclusive Transport

Segment I: Vision
- Climate urgency - Vision for 2050
- Pathway of actions - Building blocks for 1.5°C

Segment II: Climate Resilience
- Challenges and opportunities in implementation
- Mobility for extreme climate

Segment III: Sustainable Mobility for All
- Spatial development and urban mobility planning
- Gender and transport
- Transport for people with disabilities

Segment IV: Momentum beyond COP25
- SDGs and NDCs Synergies
- Outlook for 2020
- COP25 - 2nd UN Global Sustainable Transport Conference (Beijing, May 2020)
Global Climate Action Yearbook 2019

- State of play of global climate action
- Catalogue of initiatives and activities to enhance ambition
- UN Secretary-General Climate Action Summit outcomes
- Technical expert meetings reflections
- Messages to policy makers
Transport Climate Action Pathway

Milestones towards 2050

- By 2020
  - R&D for low cost transportation
  - Regional & global roadmaps for decarbonising
- By 2030
  - Enabling environment is put in place
  - Outcome-oriented investment and incentives
- By 2050
  - Transition to low-carbon climate-resilient transport infrastructure based on a balanced approach for mitigation and adaptation

Pathway Actions for 8 impacts

- Urban transformation & travel behaviour
- Climate resilience transport
- Adaptation for transport infrastructure
- Low-carbon energy
- Modal shift & system efficiencies
- Supply chains
- Travel distance and vehicle km
- Economic instruments
- Low-carbon rural transport solutions

Thematic and SDGs Synergies

Forward-looking

Living Document
Main insights from transport events and negotiations.
Elaborated by the SLoCaT Secretariat on behalf of PPMC.

Bi-daily Newsletters
Covers key COP25 and Pre-COP outputs such as:
- Accelerated actions
- Relevant negotiation updates
- Gender linkages
- Marrakech Partnership mandate

Final Infographic Report
To be released in January 2020.

How to Get Involved in COP25?

Participate in person (accreditation required)

Follow COP25 webstream and send in questions

Write articles to your local press (using SLoCaT and PPMC materials as input)

Follow us on social media

Disseminate info about transport events (website, social media, and Linkedin)

Host discussions/debates in your country

Write to your UNFCCC National Focal Point: https://bit.ly/2JwDRH2
#enroutetoCOP26

- PPMC website to be regularly updated towards COP25:
  - [ppmc-transport.org/cop25/](ppmc-transport.org/cop25/)
  - Key messages for COP
  - Sustainable transport events
  - COP reporting

- Transport community to centre social media activities around #WeAreTransport

- Use #enroutetoCOP26 for outreach activities from COP25 to COP26

- Official COP25 twitter and hashtag: @COP25cl - #TIMEFORACTION.

- Please follow our channels for updates:
  - @SLoCATofficial
  - fb.me/SLoCATofficial
  - Partnership on Sustainable, Low Carbon Transport
Looking forward

A Key Milestone in the UNFCCC Process

- End of Kyoto Protocol second commitment period
- Focus switches to Paris Agreement
- Completion of the Paris Work Programme
- Next generation of NDCs to be communicated by March 2020
- Synthesis report on commitments to be released at COP26
- Further cooperation with non-party actors post-2020
Thank you for your attention!
